PROFESSIONAL SUMMARY

Front-End Web Developer leveraging my background in sales and bid management to build more customer centric user experience on the web. Recently earned a certificate in Full Stack Development from the University of Connecticut and developed skills in HTML, CSS, Bootstrap, JavaScript, React.js, and responsive web design. Known as innovative, problem-solver, dedicated and analytical. Passionate about developing apps, with a focus on mobile-first design and development. Aim for each project is to best engage the user for an impactful experience. Looking forward to further learning and skills enhancement in the future as part of a fast-paced, quality-driven team in order to build better experiences on the web.
